NEW REVENUE BILL. The Ways and Means Committee intend to report the new Revenue bill on Thursday next. No definite decision has yet been reached respecting the amount of tax to be imposed on distilled spirits, tobac co, or petroleum. The Committee are divided upon

this matter, a majority however, favoring heavy taxation. The Secretary of the Trensury urges upon them, in a recent communication, to impose a heavy tax upon all articles that can stand it, carefully seeing that a general bill which they will bring in will be certain to fusure a large additional increase of revenue.

EMIGRAPION.

Secretary Seward has addressed an important letter to the House Special Committee on Emigration, in which he arges immediate legislation upon this subject. He proposes a general bill, which he thinks will meet the case. He suggests an appropriation of \$25,000 to carry the measure into operation. The Committee have a special meeting to-morrow for the purpose of ousidering the question.

REPORTED RESIDNATION OF FRANK BLAIR. It is positively stated that Frank Blair will cesign in two weeks.

GEN. MEADE'S STATEMENT.

Gen. Meade's recent statement to the Committee on the Conduct of the War, in connection with the testimony of Gens. Hancock, Gibbons, and others, throws the balance of testimony largely in his favor. It is understood that he is to be nominated to the vacant Major Generalship in the Regular Army, oceasioned by Gen. Grant's promotion.

FROM THE PRONT.

The recent rains have prevented any change of position in the army. Rumors brought in that Lee had been reenforced by Longstreet and part of Joe Johnston's forces lack confirmation.

REVERDY JOHNSON'S SPEECH.

Reverdy Johnson's speech on the amendment to the Constitution, abolishing Slavery, took everybody by surprise. It was listened to with the profoundest attention, and proved a 200-pound shell in the camp of the Copperheads. It pleased the Radicals, because of the high ground taken instead of pleading expediency. It gratified the Conservatives, as it afforded them a new broad stepping-stone up to the right. Universal regret was expressed that it could not have been delivered earlier, because of the influence it would have had on the Maryland election. DEPOSITORY OF PUBLIC MONEYS DESIGNATED.

The First National Bank of Norwich, Ct., has been designated by the United States Treasurer as a Depository of Public Moneys.

The House Committee on Public Lands have decided to report the bill extending the privileges of the Homestead act to the insurrectionary States, giving diers and sailors privilege to enter upon such lands. VETERINARY WANTS OF THE SERVICE.

WASHINGTON, Tuesday, April 5, 1864. THE ALLEGED PORGERY OF A DISPATCH FROM CAPT. PENNOCK.

A recent Cairo telegram, says:

"The dispatch published in the newspapers of the 59th, purporting to have been received at Washington, from Capt. Pennock, Naval Commander here, concerning the Rebel capture of Paducah, and demanding its surrender, is bogus. No such dispatch has been sent from here."

As some persons may believe that the contradiction is well founded, it is only necessary to say that the teleto the general newspaper press was a verbatim copy from the dispatches received by telegraph from Capt. Pennock himself to the Navy Department.

RELIEF POR THE NAVAJOE INDIANS.

The Navajoe Indians of New-Mexico having recently surrendered to the United States forces, the proper authorities have asked Congress for an appropriation of \$100,000, with which to purchase them agriultural implements and subsistence until they can support themselves on the reservations set spart for their relegization. The Newsjoes have been at war for nearly wo centuries, and the peaceful plan now proposed is Leemed more economical than the large war expenditures heretofore incurred in New-Mexico. They num-

When I was elected to Congress in 1262, Gen. I have been deaf for over twenty-five years, and Dr. Von Elsenberg has operated on both my ears without the slightes pain. I did not believe such a thing could be done. I now hear well and feel my head clear, which I did not for the last twenty years. The dexterity and skill with which opera tion was performed evinces the highest practical ability. I hear perfectly. It is now over a month since the operation, and I continue to feel as well as ever.

It is therefore due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an untivaled reputation. CHRONIC CATARRH CURED. READ. NEW-YORK, March 20, 1863.

This is to carify, that I have suffered from very severe CHRONIC CATARRH, with a dull heaviness in the head. celt my nose completely stopped up, accompanied by continu soreness of the throat, the chills stealing over me with occasional hot flushes, a great tightness of the chest, and pain, so much so that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him, with but little hope of a cure. I am now happy to be enabled to add my te timonial to the great number already in the Dector's possession, as to his scientific and soc cessful mode of treatment, so he has shown in my case the reputation. I am to entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC His usual method is to take six pills, and reduce the dose, CATARRH and SORE THROAT to apply at once to Dr Von Eisenberg, with a certainty of belog cured.
